

Super II™

ENERGY EFFICIENT, FULL-RATED,
HIGH-PERFORMANCE PUMP SERIES

Performance of
a lifetime.

Power your system with the energy efficient, full-rated Super II pump series from Hayward®. These efficient, high performance pumps are built to last and engineered to perform even under the most demanding conditions.

Convenient features include a see-through cover so pool owners know exactly when to empty the extra-large debris basket. Performance features include full-flow hydraulics that allow greater flow at a lower cost of operation and a housing design that makes it as quiet as it is dependable.

PUMPS

See-Through Strainer Cover

lets you see when basket needs cleaning and eliminates guesswork. 155 cubic-inch basket has rigid construction including load-extender ribbing for free-flowing operation.

Service-Ease Design allows simple access to all internal parts. Motor and entire drive group assembly can be removed, without disturbing pipe or mounting connections, by disengaging just six bolts.

Heavy-Duty, High-Performance Motor with airflow ventilation for quieter, cooler operation.

Uni-Bracket Mounting Base provides stable, stress-free support, plus versatility for any installation requirement. Adapts 48- and 56-frame motors.

Full Flow Hydraulics allow greater flow at a lower cost of operation.

Self-Priming Suction lift up to 10' above water level.

Heat-Resistant, Industrial-Size Ceramic Seal is long-wearing and drip proof

OVERALL DIMENSIONS	MODEL	Total HP	Full Rate HP	Service Factor	Voltage	Pipe Size	DIM "A"
	SP3007EEAZ	1.13	¾	1.50	115/230	2"	15¼"
